SPEC SHEET FOR PRODUCTION READY ART

Art Requirements

Vector Artwork: Create your designs at any size to scale and save as pdf or eps. If vector artwork includes placed bitmap images, save bitmap images as 600 dpi or greater before placing them in your design.

Raster bitmap Artwork: Create your designs at 600dpi or greater at One Inch=One Foot and save as a psd or pdf. If you can send us the unflattened file and not raster your artwork, it will print a sharper image.

SEND FILES USING www.hightail.com

RECIPIENT: actiont@harborside.com

with Outdoor Mobile Billboards in the Comment Section
